LETTER OF TRANSMITTAL

Trenton, New Jersey

November 1, 1968.

To: His Excellency Richard J. Hughes, Governor and the
Honorable Members of the Senate and General Assembly

Sirs:

I submit herewith the Twenty-ninth Annual Report of the Division of Local Finance relative to the fiscal affairs of the Counties and Municipalities of the State of New Jersey for the fiscal year, January 1 to December 31, 1967, pursuant to the provisions of Chapter 112, P. L. 1944, which require "the Director to publish annually a report of comparative financial statistics of local government tabulated to show the cost of government, the costs of principal services, the amount of debt and other pertinent data."

Respectfully submitted,
JAMES A. ALLOWAY,
Director of Local Finance.

FOREWORD

This report, the thirtieth in a series which has been published consecutively since 1938, closely follows those of preceding years. Although concurrent changes have been made, care has been taken to preserve the comparability of data and to present in convenient form current financial statistics of the local units of government in New Jersey without diminishing the value of these reports as an historical series. The availability of current statistics of local finance has been of significant value to the various state departments, investors, research groups and students of local finance.

The statistical data contained herein have been assembled from financial statements prepared by the chief financial officer of the local unit. A variety of checks have been applied to these data and our studies conclude that these statements are adequate for reporting purposes.

The scope of this report is disclosed in the fact that it contains financial data for 588 local units* and includes in addition to analyses of revenues, expenditures and debt, data relative to municipally-operated utilities, local authorities and special districts. Data pertaining to population, land area, and equalized valuation are included as well as taxes apportioned between local district schools, counties and municipal purposes. Other additional relevant information pertaining to local units operating under special forms of government, types of local units and statutory classification of counties and cities, is included to facilitate analysis and interpretation of the data.

In short, an attempt has been made to present a comprehensive picture of the current financial position of each local unit. For convenience and quick reference, material is presented for all municipal units in strict alphabetical sequence, regardless of type. A separate section for county units is presented in the same manner. For assistance to those who may be unfamiliar with the geographical location of the counties and the constituent local units within each county, a map showing these facts will be found immediately preceding detail pertaining to each county. A summary of these statistics is presented at the conclusion of the county and municipal sections.

A separate page is devoted to each municipal unit showing the type of government, i.e., city, town, borough, township or village, together with the name of the county in which it is situated, population (1960 U. S. Census), and the estimated 1967 census. Also shown are: land area in square miles, net valuation taxable and equalized valuations.

All local units operated on a cash-basis budget and their operations as reflected by the statement of revenues and expenditures show the costs

* See Types of Local Government Units in New Jersey—p. xxiv.

of various governmental functions and activities singly and in total. These figures have been set up in conformity with a classification schedule in general use through the United States. Although larger local units are susceptible to further breakdown, uniform classifications have been used throughout the report. A condensed "Current operating balance sheet" captioned "current finances" presents a true index of the current financial position of the local unit. The fiscal year of local units is the calendar year.

Statistical tables are included to present a summary of the financial data contained in the individual pages and to show the trend of local finance for a five-year period. For the first time, State and County Summaries of the data appearing on the individual pages of the municipalities (tables 15-to-15w) are presented. Likewise, a new table of State Equalized Tax Rates (table 17) is included to serve the demands of many interested persons.

A glossary providing essential information for the proper use of specific data is presented to assist those who may be unfamiliar with municipal finance.

In conclusion, a word of commendation is due Francis E. Maimona, Division statistician, who has handled all of the detail contained in this report. Likewise, other members of the staff who have assisted in the work are entitled to special mention. The cooperation of the following State agencies is greatly appreciated: Division of State and Regional Planning for the use of the county maps; Division of Resource Development, Bureau of Commerce, Research and Statistics Section, for the estimated population figures and the Electronic Data Processing Section, Treasury Department, for its invaluable assistance.

J. A. A.

Note:—Pursuant to C. 52:27D-18 "The Division of Local Government in the Department of the Treasury, together with all of its functions, powers and duties, is continued, but such division is transferred to and constituted the Division of Local Finance in the Department of Community Affairs established hereunder." Effective March 1, 1967.

INTRODUCTORY NOTES TO TABLES

The following notes, generally applicable to the statistical tables contained in this report, are printed here for the convenience of its users. Because of rounding, the detail in the tables may not always add to totals. These tables summarize the important financial data pertaining to counties and municipalities, the detail of which is shown on the individual pages relating to each unit.

"Authority Debt" (Table No. 14) is included to show the amount of over-riding debt not included in Table No. 6. These figures were taken from reports of audit filed with the Division pursuant to law. While "Authorities" operated on various fiscal year bases, the figures shown have been projected to reflect a comparable amount at December 31.

The Statement of Municipally-Operated Utilities (Table No. 16) is shown separately since these operations are independent of the municipality.

The State Equalized Property Tax Rates (Table No. 17), is a new addition to this report. It is derived by multiplying the general tax rate by the ratio of assessed value to true value. Thus it is a table showing the general tax rate that would be applied if the assessment level were exactly 100%. This permits a ready comparison of the tax trends by each municipality. The general tax rate used includes the Local School, County and Special District Taxes. Because of this it is not a valid indicator on which to base comparisons of service levels in the different municipalities. It is, however, valid as an indicator of the magnitude of the tax bill which would be presented to a taxpayer. The arithmetic for this calculation results from the following mathematical equations:

1. Taxes billed=General Tax Rate x Assessed Valuation=Equalized Tax Rate x True Value.
2. Equalized Tax Rate=General Tax Rate $\left(\frac{\text{Assessed Valuation}}{\text{True Value}} \right)$

The table of Equalization Ratios used was that certified by the Director of the New Jersey Division of Taxation on October 1 of each year. Because the 1968 equalization table was not ready when this table went to press, the equalization table generated by each county for the year 1968 was used. The corrections to the 1968 listing will be reflected in next years' Division report and will be available to those needing accurate figures in the interim.

The per capita figures shown herein are based upon the estimated 1967 population census. In previous reports the official U. S. Decennial Census figures were used.

Further detailed explanation of terms used in the various tables will be found in the glossary of this report and in previous reports of the Division.

COMPARATIVE STATEMENTS AND SUMMARIES

TABLE 1

CASH COLLECTIONS OF CURRENT LEVIES

The statement which follows shows the percentage of cash collections of the current levy of the 567 municipalities and reflects the variations between delinquencies and the cash receipts.

(Representative years, amounts rounded to nearest dollar)

Year	Total Tax Levy	Cash Collections	% Levy Canceled, Abated or Transferred to Liens	Outstanding December 31st
1963	\$1,052,458,731.	\$990,206,841. 94.08 %	0.98%	\$52,040,734. 4.94%
1964	1,143,552,303.	1,074,595,370. 93.97 %	1.13%	56,080,851. 4.90%
1965	1,224,061,710.	1,150,565,415. 94.00 %	1.13%	59,579,955. 4.87%
1966	1,263,399,102.	1,190,449,678. 94.22 %	1.03%	60,003,555. 4.75%
1967	1,435,708,258.	1,349,799,399. 94.01 %	0.88%	73,385,248. 5.11%

TABLE 2

TOTAL TAXES OUTSTANDING—ACCUMULATED TAX TITLE LIENS AND PROPERTY ACQUIRED BY DEED OR FORECLOSURE

The following statement shows the total amount of delinquent taxes (including the current year's total as shown in table 1), the accumulated tax title liens, and the asset value of property acquired by deed or foreclosure.

(Representative years, amounts rounded to nearest dollar)

Dec. 31 Year	Delinquent Taxes (all years)	Tax Title Liens Outstanding	Foreclosed Property
1963	\$77,268,151	\$16,222,877	\$64,578,199
1964	79,538,904	18,782,405	64,982,706
1965	87,975,860	20,361,390	59,523,484
1966	89,402,620	21,136,094	58,087,115
1967	104,722,596	20,908,759	60,516,430

TABLE 3

SPECIAL DISTRICT TAXES LEVIED IN 1967 *

This table presents a tabulation of special district taxes levied upon a portion of the municipalities listed for the specific services shown. The taxes and obligations are the sole responsibility of the special districts and cause no liability for the balance of the municipality.

MUNICIPALITY	Garbage	Fire	Sewer	Light	Water	Total Tax Levy
Berlin Twp.	(1) \$7,000.00	\$7,000.00
Brick Twp.	(3) 149,185.00	149,185.00
Bridgewater Twp.	(1) \$11,974.72	(3) 41,325.00	53,298.72

TABLE 6

TOTAL GROSS AND NET DEBT OF MUNICIPALITIES AND COUNTIES

The total gross debt of municipalities and counties, the total net debt and the percentage that such debt bears to the "equalized valuation basis" of the 3 preceding years' real property follows. Comparative figures have been omitted due to the revision of the "local bond law" (Chapter 72, P. L. 1964). This statement reflects the over-riding debt of counties and the several municipalities located in each county.

(Amounts rounded to nearest dollar)

County	Gross Debt		Net Debt		% of Net Debt		Equalized Valuation Basis
	(1) Municipal	(2) County	(1 & 2) Total	(1) Municipal	(2) County	(1 & 2) Total

TABLE 7

STATUTORY NET CAPITAL DEBT

The following statement, showing the statutory net capital debt of Counties and Municipalities, represents the outstanding indebtedness authorized, including issued and unissued debt. Due to the change in the basis of computation of net debt pursuant to Ch. 72, P. L. 1964, the net debt and percentage for 1963 is not comparable with the succeeding years.

(Representative years, figures rounded to nearest dollar)

GLOSSARY

Administrative and Executive: expenditures of the governing body, office of the governing body, mayor, manager, municipal clerk's office, legal department, municipal boards and commissions, general governmental buildings and grounds, purchasing and custody of supplies, management of acquired property, elections, printing and advertising of ordinances and proceedings and general administrative activities. In county units it includes the expenditures of the governing body (board of chosen freeholders), and general administrative activities not separately shown.

Annual Budget: the governing body of each local unit is required to adopt a budget for each fiscal year pursuant to the provisions of the "local budget law."

Annual Debt Statement: sworn statement filed by chief financial officer of the local unit, attesting to the debt condition of the local unit as of the last day of the preceding fiscal year, pursuant to provisions of the "local bond law."

Assessed Valuation: the value of property as appraised for taxation and other purposes, determined by a local assessor whose jurisdiction extends over a primary area.

Assessment and Collection of Taxes: expenditures incurred for supervision, custody and collection of taxes and assessments of the municipality. Also the maintenance of assessment records, tax map, tax sales, tax searches, revaluation programs and liquidation of delinquent taxes, tax title liens and assessments.

Authorities: bodies corporate and politic created to perform definite prescribed functions within a local unit or region, with power to levy and collect service charges, incur debt and operate autonomously.

Authority Debt: obligations of "authority" outstanding on the date specified.

Beaches and Boardwalks: expenditures in connection with the supervision, operation and maintenance of municipal bathing beaches, boardwalks, pools and related recreational activities, also facilities which are privately owned and operated such as bathhouses and swimming pools. Expenditures for beach and boardwalk lighting and beach patrols and lifeguards are also included in this group.

Bond Ordinance: means an ordinance adopted by the governing body of the local unit providing for the authorization of obligations pursuant to the provisions of the "local bond law."

Capital Debt: the debt obligation, long- and short-term, authorized by bond ordinance for local district schools, self-liquidating or utility debt or other general capital purposes whether authorized but not issued or issued and outstanding on the date specified.

Capital Debt Issued and Outstanding: all capital debt issued and unpaid on the date specified.

Capital Improvements: includes "down payments on improvements" (a 5% down payment is required in the "Local Bond Law" when making an

appropriation for improvement by ordinance), "Capital Improvement Fund" (may be used to provide the necessary down payment or may be used to finance the improvement in whole or in part through an ordinance appropriation), "other capital improvements" (line items of appropriation for capital projects or items of equipment such as fire engines, road scrapers, etc.).

Capital Outlay: expenditures by ordinance, for the construction and improvement of fixed assets such as buildings and equipment, beaches and boardwalks, parks and playgrounds, sanitary sewers, streets and roads, water supply, etc.

Cash Basis Budget: means a budget prepared in accordance with the provisions of the "local budget law," and in such form that based on limitations, percentages and estimates there will be sufficient cash collected to meet all debt service requirements, necessary operations of the local unit for the fiscal year and, in addition, provide for any mandatory payments required to be met during the fiscal year.

Chief Financial Officer: means the Director of Revenue and Finance, comptroller, treasurer, collector or other financial officer of a municipality or the treasurer of a county.

Civil Defense and Disaster Control: expenditures for the supervision and maintenance of equipment required in time of emergency; warning systems, communications equipment, ambulances and other motor vehicles needed in time of disaster or emergency.

County: a local unit of government. (There are 21 counties in New Jersey.)

County Taxes: the amount required to be paid by the municipality to the county for its share of the county tax levy as apportioned by the County Board of Taxation.

Current Finances: current financial position of local unit as reflected in condensed operating balance sheet for the fiscal year reported.

Current Operations: expenditures for salaries and wages, materials and supplies, contractual services other than capital outlay.

Current Taxes: property taxes levied for support of appropriation in the current budget.

Debt Limitation: the debt limit in New Jersey is 3½% for municipalities and 2% for counties, computed on the "equalized valuation basis."

Debt Service: means the payment by the local unit of the principal and interest on the obligations issued by it, whether permanent or temporary.

Deferred Charges: include overexpenditures of appropriations, expenditures without appropriation, payment of prior years' bills, deferred charges to future taxation not bonded (appropriation in current budget for part payment of a capital item which reduces the amount necessary to finance a capital project), cash deficit of a previous year, emergencies of a prior year, etc.

Delinquent Taxes: all taxes remaining unpaid when due.

District School Taxes: payments to the local school district, regional school district and consolidated school district for the operation and maintenance of schools.

Emergency Appropriations: New Jersey statutes provide that emergency appropriations may be created by emergency resolution for the purpose of meeting an unforeseen or emergent condition for which adequate provision was not made in the current budget.

Emergency Borrowings: emergency appropriations financed from funds on hand or by issuance of emergency notes to support emergency appropriations.

Equalized Valuation: the aggregate of property as determined by the Director of Taxation as of October 1 of the fiscal year. It includes the sum of the following: (1) the aggregate true value of real property (exclusion of second-class railroad property), (2) the assessed valuation of second-class railroad property, (3) the assessed valuation of all personal property in the local unit.

Equalized Valuation Basis: means the average for the last three (3) preceding years, of the sum total of (a) the aggregate equalized valuations of real property together with improvements, as certified in the Table of Equalized Valuations by the Director of the Division of Taxation in the Department of the Treasury, on October 1, of each year, pursuant to Chapter 86 of the laws of 1954 and, (b) the assessed valuation of class II railroad property as set forth in the Table of Equalized Valuations referred to in (a) above.

Expenditures: means cash disbursements and amounts reserved to meet unpaid claims of the current fiscal year.

Financial Administration: expenditures for supervision, control and custody and collection and disbursement of all municipal funds, including the offices of the comptroller, treasurer, auditor and budget director. The internal accounting and auditing, administration of debt, budgeting and administration of special funds and investment expenses are also included.

Fire Protection: expenditures for supervision, training, fire prevention, fire alarm and communications, hydrant and water service, fire-fighting forces, aid to volunteer fire companies, rescue squads, engine service, maintenance and operation of equipment, fire stations and buildings, uniform allowances, medical services and pensions for firemen and their widows.

Fiscal Year: the fiscal year for all counties and municipalities is the calendar year.

Garbage and Trash Removal: expenditures for the collection and disposal of garbage and trash and maintenance of equipment.

Gross Debt: includes all bonds and notes issued and authorized but not issued, or guaranteed by the local unit, except tax anticipation notes, emergency notes, special emergency notes and utility revenue notes, also the amount of bonds and notes authorized but not issued of any school district.

Health Services: expenditures for supervision, operation and maintenance of health department which is charged with the conservation and improvement of public health. Also expenditures for Visiting Nurses' Associations, control of communicable diseases, sanitary inspectional services, mental health programs, registration of vital statistics, health centers and

general health clinics, laboratories and health services, also for animal regulation and control, pest control, mosquito extermination and stream and air pollution.

Hospitals: expenditures for supervision, operation and maintenance of municipal hospitals and aid to general hospitals privately owned and not operated for profit.

Libraries: expenditures for supervision, operation and maintenance of a Free Public Library, expenses of participation in a Free County Library and aid to Privately Owned and Operated Libraries and Reading Rooms.

Local Improvement: means an improvement of property, part or all of the cost which has been, or is to be, assessed on property.

Local Purpose Taxes: the amount required from general taxation to operate and maintain the municipality and provide for municipal debt service.

Local Unit: means a county or municipality.

Miscellaneous Revenues Realized: represents cash receipts from licenses, fees and permits, fines, interest and costs on taxes and assessments, bus receipts, parking meters, franchise and gross receipts taxes, etc.

Municipality: a corporate, local unit of government; city, town, borough, township or village. (There are 567 municipalities in New Jersey.)

Municipal Public Utility: means any water, sewer, electric power or gas system, or any combination thereof, or any public parking system or any other utility or other enterprise, or project undertaken pursuant to the urban development law, or authorized to be operated by a local unit. Operations are separate and distinct from the local unit.

Net Debt: the gross debt less statutory deductions applicable.

Net Valuation Taxable: the assessed valuation of real and personal property including second-class railroad property less deductions under R. S. 54:4-3.16, veterans' and senior citizens' exemptions.

Other Educational Services: expenditures for supervision, operation and maintenance of museums, historical sites, civic centers, zoos and other public education enterprises, celebration of public events and other educational activities.

Other Protection: expenditures for supervision of all inspectional services except health and sanitary inspections, for buildings, plumbing, electrical, oil burner, gas, weights and measures, elevators, etc.

Other Recreational Services: expenditures for supervision and operation of municipally owned golf courses, swimming pools, airports, flying fields, stadiums, etc.

Parks and Playgrounds: expenditures in connection with the supervision, operation and maintenance of public parks and playgrounds. Also the supervision of recreational activities such as carnivals, tournaments, life-saving, and swimming instructions. Maintenance of park roads, park policing, park lighting, trees and shrubberies, band concerts, public entertainment and maintenance of equipment are also included in this classification.

Per Capita Figures: computations are based upon the estimated population, 1967.

Police Protection: expenditures for supervision, training and maintenance of uniformed police, maintenance of general and criminal records, police radio and communications system, safety patrols, school crossing guards, traffic control, parking meter maintenance, municipal court, police stations and buildings, police patrol vehicles, ambulance service, juvenile aid programs, uniform allowance, pensions and medical service.

Property Acquired by Deed or Foreclosure: this asset is created through the foreclosure of tax title liens. When real estate taxes are unpaid the collector is charged with the duty of selling the same for non-payment. If there is no outside purchaser, the property is struck off to the municipality and the tax title lien is vested in the municipality. After two years from the date of the sale, the municipality may, in accordance with law, foreclose the right of redemption through the courts and thus acquire the title in fee.

Revenues: actual receipts which are available to meet expenditures and required payments except surplus revenue and State Aid. Surplus revenue may be in part offset by deferred charges and State Aid may be represented by State Funds set aside for the local unit but not yet paid over.

Reserve for Uncollected Taxes: an overlay item in the municipal budget which is designed to insure the municipality sufficient cash with which to carry out its functions after providing in full to other governmental units—Local Schools, County and Special Districts.

Sanitary Sewers: expenditures for supervision, operation and maintenance of a municipal sewerage system, participation in a joint sewerage system, authority, donation to an authority and maintenance of equipment. Does not include expenses of a municipally operated utility which is a separate entity.

Special Districts: independent governments created to provide definite functions and having power to tax, impose service charges and incur debt.

State Aid: revenues represent amounts received for State Road Aid, highway lighting, building allowance for schools (chapter vi districts) and direct payments for services.

Statutory Expenditures: includes required contributions for Public Employees Retirement System, Old Age and Survivors' Insurance, Consolidated Police and Firemen's Pension Fund, and Police and Firemen's Retirement System of New Jersey.

Street Cleaning: expenditures for supervision, equipment maintenance and incidental costs of cleaning streets and dust control.

Street Lighting: expenditures for street and highway lighting, bridge lighting and traffic signals.

Street Repairs and Maintenance: expenditures for the supervision of construction, reconstruction, repairs and maintenance of roads with State-Aid, road repairs and maintenance, engineering, road equipment maintenance, motor vehicle maintenance, public works garage, storm sewers, drains, sidewalks, curbs and gutters, bridges and culverts, snow and ice removal and street signs.

Tax Title Liens: this asset created as result of sale by municipality for non-payment of real estate taxes, delinquent assessments, utility charges or special district taxes.

Tax Rate(s): Chapter 51, P. L. 1960 as amended, became effective in 1965 and will prevail in 1966 and 1967. It provides for separate tax rates upon personal property taxes used in business at levels to insure that such property will bear no less percentage of the total tax load in each taxing district than it did in 1963. Tax rates in this report are shown accordingly.

General tax rate means the general tax rate applicable to all taxable property. **Adjusted business personalty tax rate** means the rate applicable when all adjusted tangible business personal property is greater than the rate applicable to all taxable property (other than business personalty).

Adjusted general tax rate applicable to all taxable property (other than business personalty) when the adjusted business personalty tax rate is greater than the general tax rate. All rates shown are based upon \$100 valuation.

"Equalized tax rate" or "Effective tax rate" means the total tax levy for the current year on which the tax rate is computed divided by the apportionment valuation for the current year, as shown in the table of aggregates prepared pursuant to R. S. 54:4-52.

Unclassified: includes all miscellaneous expenditures which cannot be allocated to other function and activity groups. Items of a non-recurring nature—judgments and losses, special surveys, municipal warehouses and markets, cemeteries, etc., are included. Contingent appropriations are also a part of this classification.

Welfare—Public Assistance: expenditures for the administration of public assistance, direct public assistance and other welfare services for adults and children.
